

TULIP Pattern – Fabric Requirements

Note: I recommend using Batik fabrics as they are more closely woven with 220 threads per inch which means they tend to fray considerably less and turn out to be a great choice for applique. (Try Batik.com)

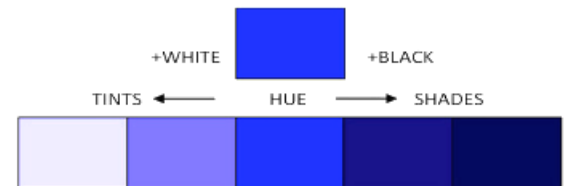

Quilt Top

Support Background - 1/2 Yard **black** Batik OR 100% Cotton with high thread count.

***For the project applique, you can bring fat quarters or scraps and do not need to cut these exact size pieces. These sizes are approximate.**

Value Scale:
 DD – Darkest Dark
 D – Dark
 LD - Low Dark
 M – Medium
 LL - Low Light
 L – Light
 LL – High lights
